Cover Letter

I am keenly interested and well qualified for this position of Sr. IoT System Administrator.

I would be so very proud to have an opportunity to work with such an established and critical organization as ESCO. I am a tireless creator with a desire to contribute my expertise and energy to further the company along. If a creative and focused individual is who you seek, be sure to call me in so that we may talk. I am in the process of relocating to the Portland area from Saipan. I will be in Portland from Jun 8th till 20th and I would love to visit your office to get a sense of the job and to show myself off. I am a Linux Certified Engineer and a long time Linux administrator. I make things happen. I have the skill and the desire to integrate myself into your company culture and help you reach your goals.

I looking forward to hearing from you soon.

Thank You

Jonathon (JC) Clark
